

Grow Groups

Frequently Asked Questions

1. What is a Grow Group?

A Grow Group is made up of individuals who have a desire to grow in their relationship with Jesus by committing to study daily on their own and discuss what they've learned weekly in a group of 4-6 other committed followers of Christ.

2. When do Grow Groups meet?

Groups meet in various rooms of Radiant Life Church on Wednesday evenings from 7:00-8:15pm. Currently, we do not have groups available online or on another night of the week. This helps us promote unity of our groups, provides childcare through various youth and children ministries that take place at the same time, and eliminates confusion that accompanies multiple meeting times/places.

3. Can I still be a part if I'm unable to attend a group on Wednesday evenings?

Absolutely! The heart of Grow Groups is to deepen our understanding of God's Word and how it applies to our lives. That can be done individually by purchasing the studies and completing them on your own.

4. I serve with teens/kids on Wednesdays. Can I still be a part?

Thank you so much for investing in the youth of Radiant Life Church! Although you may not be able to consistently be a part of a group, we would encourage you to still sign up, order the studies, and commit to following along daily. The studies you complete on your own are really the core of Grow Groups and will provide the greatest impact in your life. When you are not serving, you can join your group and benefit from growing in community.

5. What studies will we be doing throughout the year?

We will be walking through all 6 sessions of the Disciples Path. This curriculum was founded on Jesus' model of discipleship and design to provide an intentional path of transformation for everyone from new believers to seasoned saints.

Sessions will last approximately 5-6 weeks and will include at least a month break after a two-session block.

For more information about the Disciples Path, visit:

<https://www.lifeway.com/en/shop/disciples-path>

6. Are guests still welcome on Wednesday evenings if we are doing Grow Groups?

Guests are always welcome at RLC! We will have copies of the weekly lessons they can use to follow along with the discussion and will be assisted in finding a group to join for the evening.

7. How much time will it take to complete each weeks lesson?

The Disciples Path lessons can take as short or as long as your schedule permits. Spending 10-15 minutes a day would be a suggested minimum. However, the lessons are not laid out with daily requirements so if you don't have enough time on Monday, just spend a little more time with it on Tuesday. As with anything, you get out of it what you commit to put into it.

8. Will groups remain the same for the entire year or will they change from session to session?

Once you're placed in a group type of your preference (gender specific, couples, or young adult) it would be our desire for that group to remain together for the year in order to deepen relationships with one another. It takes time for individuals to feel comfortable with each other and we want to create space for that to happen.

9. I'm already in a Life Group. Why would I need to join a Grow Group?

Life Groups are fantastic and we believe that everyone should be a part of one! The focus of these once-a-month gatherings is to help build relationships by sharing a meal together, and spiritual growth through corporate discussion. Grow Groups, on the other hand, are primarily focused on personal spiritual development with the benefit of relational interaction each week in a small group.

These two groups compliment each other in helping you establish a Real Relationship with Christ and others and experience Life Change through the transformational power of His Word.

10. Are their samples of the Disciples Path available? Can I purchase a digital copy?

Sample lessons are available in the lobby of Radiant Life Church at the Connection Center. Feel free to stop by and check them out for yourself!

While digital copies can be purchased through Lifeway, it is strongly recommended to purchase a physical copy that will allow you to take notes during your personal study as well as group discussion time.
